TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Fremont, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Fremont, on Tuesday, the eighth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To consider the report of the Budget Committee and to raise such sums of money under the proposed budget as the Town deems necessary.

3. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 toward the cost of completing the fire house addition as recommended by the budget committee report.

4. To see if the Town will vote to appropriate from surplus remaining at the close of the 1959 fiscal year the sum of \$500.00 to be placed in the Capital Reserve Fund established at Town Meeting, March 13, 1956, under provision of Chapter 34 RSA for the purpose of constructing or reconstructing Town highways and bridges.

5. To see if the Town will vote to authorize the Selectmen to sell at their discretion the Meade-Morrison snow plow.

6. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

7. To see if the Town will vote to authorize the Selectmen to sell at private sale or public auction property acquired by Tax Collector's deed.

8. To see if the Town will vote to accept and authorize the Selectmen to sell at private sale or public auction the property deed to the Town of Fremont in 1951, containing seven acres, and being the same premises conveyed to John Ellis by deed from George H. Floyd dated December 12, 1900, and recorded in Rockingham Records, Book 578, Page 384.

9. To see if the Town will vote to discontinue as an open highway and make subject to gates and bars the highway extending from the West Epping town line to the point of intersection with the highway leading from Clouette's Corner to Epping at or near the residence of George Rogers, Sr.

10. To see if the Town will vote to discontinue as an open highway and make subject to gates and bars the highway extending from Brown Brook near the Leavitt Cemetery to a point near the Epping town line on the Epping road and forming during its entire length the easterly boundary of the Melvin Leavitt property.

11. To see if the Town will vote to discontinue as an open highway and make subject to gates and bars , the highway extending from Route 107 at the property now or formerly of Harold Jones to the Scribner Road.

12. To see what action the Town will take by ballot on the following question: "Shall the provisions of Chapter 171-A of the Revised Laws relating to playing Beano be adopted in this Town?"

13. To transact any other business that may be deemed necessary.

Given under our hands and seal, this 11th day of February, in the year of Our Lord nineteen hundred and sixty (1960).

REPORT OF FIRE CHIEF

This year saw the erection of an addition to our fire house. This addition contains a solid floor and will house our two heaviest tank trucks. These tank trucks are very efficient as they provide immediate water upon their arrival at a fire. At a later date a five hundred gallon pumper would be a benefit to the town in that it would reduce the insurance rates on family dwellings approximately twenty-eight per cent.

This past year we sold our Model T truck to Gaslight Village at Lake George, New York. It has been reconditioned and is on display there.

The Fire Association held its annual carnival and again it was a successful one. All the hard work done in connection with the carnival and fire house is greatly appreciated.

I am interested in the fact that fire drills are being held in our school.

Following is a list of fires and other calls during 1959.

Feb. 26, Thomas Arnold, Oil Burner
Mar. 20, Harold Jones, Flooded Oil Burner
Apr. 12, Richard Margelot, Grass Fire
Apr. 13, Chester - Raymond line, Grass Fire
Apr. 16, Alex St. John, Grass Fire
Apr. 19, Austin Wiggin, Woods Fire
Apr. 21, Kent Lawrence, Children Lost in Woods
May 8, James Corneil, Drowning
May 24, Dump Fire
May 27, Lloyd Beede, Water Pump
July 4, Henry Metevier, Brush Fire
July 4, Clough's Bridge, Old Tires Burning
Sept. 12, Harold J. Ellis, Auto Fire
Nov. 6, Frank Marcotte, Barn
Nov. 18, Mrs. Petroske, Oil Burner

REPORT OF THE FOREST FIRE WARDEN

Prevention is Everybody's Business

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and damage to woodlands held to a minimum. The record resulted from a combination of favorable weather conditions, an alert warden service and a cooperating public.

Yet, despite all this, there still persists a disturbing note 58%, or 6 out of every 10 fires in 1959 were caused by careless smokers and debris burners.

10%, or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage. The elimination of these three causes of fires would radically change this picture. The rules are simple —

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning.
3. Make certain your fire is DEAD OUT before leaving it.
4. Don't throw lighted matches, cigars and cigarettes from moving vehicles — use your ash tray.
5. Don't burn at home — Use your town dump and save yourself much possible difficulty, both personal and financial.

REPORT OF HEALTH OFFICER

The health of the community was generally good during 1959.

Investigation of those classes of premises required by law to be inspected periodically have been made and they have been approved.

All complaints received have been investigated and with two exceptions violations of health laws have been remedied.

With the large yearly increase in volume of waste material to be disposed of at the town dump, everyone's cooperation is needed to hold down maintenance cost and keep it an orderly place. All cases of illegal dumping or any dumping by those neither residents nor property owners should be reported to me immediately.

REPORT OF THE FREMONT PLANNING BOARD

Considerable progress was made during early 1959 in preparing a preliminary Zoning Map and Ordinance to form a basis for discussion and suggestion at public hearings. It is hoped that soon after Town Meeting this work can go forward again and that all residents will take part in preparing a workable plan at discussion meetings.

FREMONT PLANNING BOARD

REPORT OF AUDITOR

I have examined the accounts of the following Town Officers: Town Clerk, Tax Collector, Treasurer, Selectmen, Trustee of Trust Funds, Librarian, and the Janitor of the Town Hall of the Town of Fremont for the fiscal year ending December 31, 1959, and find them correct and supported by the proper vouchers.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the town of Fremont, N. H. qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 7th day of March 1960, at eight o'clock in the afternoon to act on the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a clerk for the coming year.
3. To choose a member of the School Board for the ensuing year.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees or Officers chosen and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the State foundation aid fund together with other income; the School Board to certify to

the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the School District of Fremont will vote with the other districts of this Union to provide for a Helping Teacher as provided in R.S.A. 186:11.

10. To transact any other business which may legally come before this meeting.

Given under our hands at said Fremont this 19th day of February, 1960.

LAURENCE A. PETTENGILL

Chairman of the School Board

SUPERINTENDENT OF SCHOOLS REPORT

To the School Board and Citizens of Fremont:

I herewith submit my report on the status and needs of our schools:

The schools are providing an adequate education for the pupils at the present time. This I believe is due in large part to the staff. However, they have not received the help they should have, nor do they have all the aids and guides they need to better provide for the various learning experiences that should be presented in the classroom. This is not the responsibility of any one in particular but the fact is evident and therefore we should analyze it carefully.

To begin with, just what type of education do you want for your children? Are you satisfied when they will be able to read the newspapers or magazines, to keep an account of money earned and spent, to be able to write a letter; or do you desire that they might be given the type of education to be able to go to college or other school of specialization. Do you wish them mass educated, or do you hope for some specialized and individualized type of education. Do you want them trained to cope with a home and job or educated to work, think and act as an alert free citizen? Answers to these questions are important because they provide the School Board and Superintendent, as well as the staff with a framework within which to work. Where do our schools fit in relation to the previous questions? Presently I would say somewhere in between. There are things being taught in the classroom that could just as well be learned at home. This means homework and time spent at home with your children learning what material was presented at school, as well as giving the child information in conjunction with it. You the parent are a teacher as well as the person at school. There are things that should be presented in

the classroom that are not presently provided. This is due to many factors, such as classrooms too large to provide individual attention, teachers not having a specified area in which to work and many more.

By now you have an idea of what my philosophy is. To state it a little more clearly, I would like to see each child prepared to cope with the complexities of twenty years hence; and to be able to sift the good from the bad, be prepared to make decisions based on past knowledge and skills and provide a worthwhile home, as well as provide civic responsibilities as called upon. It isn't necessary to review the terrific progress of the last twenty years to create a concept of what the next twenty years will be like. This is being done for you every day. Children should have a more specialized and individualized education to withstand, understand and help formulate the future.

What are some of our needs? Those that should be provided as soon as possible are:

1. Reduction of class size to 25 or a maximum of 30.
2. The development of a program of minimum essentials—This would provide criteria for promotion or non-promotion and assist in the establishment of a certain block of work for the year.
3. The development of a program of studies in each subject area and in each grade — This will help to unify what is taught from grade to grade as well as act as a guide for the teachers.
4. The development of a basic series in reading, arithmetic, science, social studies, English, spelling, etc.— This will eliminate gaps in learning and provide better basic material for the pupils.
5. A study and re-valuation of our reporting procedure. Does this present method tell you, the parent, what you really should know? I personally do not feel that it does.

6. The development of an adequate permanent record system.
7. Adequate supervision of staff and schools — It's humanly impossible to cover this area adequately. An addition to the staff is necessary to carry on adequate and thorough assistance for the staff. I have averaged 2,000 miles a month between 8:00 A. M. and Midnight, attempting to make the rounds.

I have found it necessary to recommend a helping teacher. This person could carry on some of the office functions I am presently doing, thus permitting me to be in the schools more frequently, and as the New Hampshire R.S.A. 186:11 states "To give helpful advice, counsel, and assistance to teachers, pupils and parents . . . as a constructive means of improving the educational growth and development of children, solving pupil problems of retardation and maladjustment, adopting the program of studies to meet the needs . . . bring resources outside of the school to classroom teachers, pupils, parents and community.

The following should be studied and considered:

1. A class for the mentally retarded
2. A better guidance program
3. Classes for the academically superior
4. A program for inservice training for teachers

To conclude, I will exert every effort to see that the best is provided for your children within the framework you create. It will be a pleasure to continue working for you as I have confidence that you want your child to be able to compete with any other child, regardless of the place or community in this shrinking world of ours.

SCHOOL HEALTH REPORT

To the Superintendent of Schools:

The Nurse's role in school health in recent years has undergone drastic changes. She no longer is the only one to check fingernails, teeth, etc. This is more the province of the teacher who is with the child daily. Minor cuts and bruises are also taken care of by the teacher.

Fremont is most fortunate in having teachers interested in health education and this interest is carried out to a great extent in the classrooms.

What does the School Nurse do? Occasionally I am asked this question. It is a hard one to answer as each day brings new and unusual requests. It is a specialized service with many diversified channels. A recent study at B. U. on the graduate level reveals that school nurses do 131 jobs.

This past year all children received routine checkups on height and weight, hearing and vision. In addition, patch testing and urinalysis were done on each child whose parents were interested.

The child with special problems receives the most attention, in order to bring him or her up to maximum in health, so that the highest scholastic ability for that child may be attained.

I would like to thank all people and groups who have helped make my job easier by offering their services and financial help.

Respectfully submitted,

CONSTANCE J. HUSS, R.N.
